**Asbestos Demolition/Renovation
NOTIFICATION FORM**

Section 467

LCAQMD # _____

SITE INFORMATION

Site Address _____

City, State _____ Zip _____

Owner Name _____ Phone _____ Fax _____

Specific Location of Project _____

☐ Single Family Dwelling ☐ Commercial ☐ Apartment Building ☐ Govt Building ☐ School

☐ Renovation ☐ Demolition - Fire Training Yes ☐ No ☐

☐ Weekend Work ☐ Night Work (After 5 PM)

☐ Cumulative Renovations (each less than 100 square or linear feet)

Start Date: _____ Completion Date: _____

Material Description: _____ Will All Asbestos be removed? Yes ☐ No ☐

Method(s) of Removal: _____

Total removal amounts of **friable** asbestos material only: * _____ lin ft/ _____ sq ft/ _____ cu ft

Total removal amounts of non-friable asbestos material: _____ lin ft/ _____ sq ft/ _____ cu ft

* Indicate how much of this involves bead-blast, or shot-blast removal: _____

CONTRACTOR INFORMATION

Name _____ Contact _____

Mailing Address _____ Phone _____ Cell Phone _____

City, State _____ Zip _____ Contractor Job No. _____

DISPOSAL SITE INFORMATION

Landfill Name _____ Address _____

City, State _____ Zip _____

FORM PREPARATION INFORMATION

This form prepared by _____ Title _____

Company _____ Address _____

City, State, Zip _____ Phone _____

WASTE TRANSPORTER INFORMATION

Name _____ EPA I.D. # _____
Address _____ City, State _____
Zip _____ Phone _____ Fax _____ Contact _____

BUILDING ASBESTOS SURVEY INFORMATION

Name of person who completed the survey _____ Company Name _____
Address _____ City, State _____ Zip _____
Phone _____ Fax _____ Inspector Certification: AHERA ☐ EPA ☐ OSHA ☐
Analytical method used to identify the presence of RACM: PLM ☐ TEM ☐ Other ☐ _____
Inspected Components: Roofing ☐ Walls ☐ Mechanical ☐ Structural ☐ Piping ☐ Flooring ☐ HVAC ☐
Other ☐ Specify: _____

Is asbestos present? Yes ☐ No ☐ *** ATTACH COPIES OF ALL INSPECTION/LAB REPORTS ***

GOVERNMENT ORDERED DEMOLITION

Name _____ Title _____
Agency _____ Phone _____ Fax _____
Date of Order Authorizing Ordered Demolition _____ *** Attach copy of Demolition Order ***

EMERGENCY RENOVATION

Date and Hour of Emergency _____
Description of event and an explanation of how the event has caused unsafe conditions or would cause equipment damage. _____

I certify that an individual trained in the provisions of this regulation (40 CFR Part 61, Subpart M) will be on site during the demolition or renovation and evidence that the required training has been accomplished by this person and will be available for inspection during normal business hours.

Signature of Owner/Contractor

Date

I certify that the above information is correct, and that I will comply with all of the requirements of the LCAQMD's Regulations, as well as all other applicable federal, state, and local requirements.

ASBESTOS NOTIFICATION - INSTRUCTIONS AND INFORMATION

- Notifications must be complete to be considered in compliance with LCAQMD Regulations Section 467. Notifications lacking information are considered incomplete and will be returned. The 14-day notification period will not start until a complete notification is submitted.
- The notification form may be used to notify the LCAQMD of demolition or asbestos removal (renovation) operations. Each of these operations requires separate notification. You are not required to notify for non-commercial residential structures consisting of 4 or fewer units.
- Revisions to the information stated in the notification form can be made by phone, but must be followed up in writing or by fax.
- If the job is postponed or canceled, you must notify the District prior to the notified completion date or the action will constitute a failure to notify. If a job starts prior to the reported starting date or continues past the scheduled completion date as shown in the notification, this shall constitute a failure to notify.
- Notification is required for each renovation operation where the amount of Regulated Asbestos Containing Material (RACM) is greater than or equal to 260 linear feet, 160 ft², or 35 ft³.
- Notification is required for every demolition, even where no RACM is present.
- LCAQMD Section 467 requires that notifications shall be provided to the APCO at least 14 days prior to commencement of demolition/renovation, or as early as possible prior to commencement of emergency demolition/renovation.
- LCAQMD Table 6 - "Schedule of Fees for Permits" authorizes fees for demolition/renovation operations. The contractor listed on the notification form is responsible for the payment of these fees at the time of notification submittal. The 14-day notification period will not start until fees are submitted.

INSTRUCTIONS

SPECIFIC LOCATION OF THE PROJECT: Indicate where the Demolition/Renovation is taking place within the Site Address.

Examples:

- Building 100A, 3rd floor
- Basement boiler room
- Medical building, Wing 2A

START DATE: Indicate a correct and accurate Start Date, not a prospective date. The Start Date is the date on which Regulated Asbestos Containing Material (RACM) removal commences or which demolition of the structure commences. Any change of start date must be notified prior to the date originally notified for the job. Under no circumstances may the revised Start Date be earlier than the 14th day following the postmark of the original notification, unless an emergency notification has been made (see below).

MATERIAL DESCRIPTION: Indicate the type of friable asbestos material being removed.

Examples:

- Pipe lagging and acoustical ceiling
- Thermal system insulation
- Asbestos insulated heating ducts

If the notification is for demolition activity, indicate the type of structure:

Examples:

- Wood
- Brick

DEMOLITION - FIRE TRAINING: Notification is required and all asbestos must be removed if a structure is to be burned for fire training purposes. The 14-day notification requirement must be met before commencement of fire training.

METHODS OF REMOVAL: Indicate the methods and procedures you will employ to comply with the District's Regulation Section 467.

If notification is for demolition activity, indicate method of demolition.

Examples:

- Backhoe
- Wrecking ball
- Demolition by hand

REMOVAL AMOUNT: Indicate the amount of Regulated Asbestos Containing Material (RACM) to be removed. If the job involves bead or shot blasting, indicate the amount. Note: Non-friable asbestos material is exempt from notification unless it is made friable during demolition, renovation or removal (see Section 467).

RACM must be removed prior to demolition operations. The amount of asbestos for demolition notification is zero (0) amount - ALL demolitions must be notified.

EMERGENCY NOTIFICATION: Under certain conditions, the 14-day notification period may be waived. However, you must submit the completed notification form and reference and document the emergency. Note: All notices submitted under the Emergency Notification Procedure are subject to verification and approval by the District's inspection staff.

CONTRACTOR: Indicate the name of the contractor who is performing the demolition/renovation.

CONTRACTOR JOB NO.: Indicate your reference number, if any.

DISPOSAL SITE INFORMATION: INDICATE the name of the disposal site where the Regulated Asbestos Containing Material (RACM) will be deposited. All RACM must be removed prior to commencement of demolition operations.

WASTE TRANSPORTER INFORMATION: Indicate the name of the transporter of the Regulated Asbestos Containing Material (RACM). The state of California considers RACM a hazardous waste. Therefore, a contractor is required to obtain an EPA number to qualify as a hauler of RACM waste.

SURVEY INFORMATION: Prior to commencement of any demolition or renovation, a survey shall be performed for the presence of Regulated Asbestos Containing Material (RACM). This section is not applicable if the material to be renovated is declared as RACM and will be handled in accordance with the provisions of Section 467.

GOVERNMENT ORDERED DEMOLITION AND EMERGENCY RENOVATION: Reference the Emergency Notification procedure indicated above.

FAX: Notifications may be faxed to the LCAQMD @ (707) 263-0421

FEES: Contact the LCAQMD @ (707) 263-7000 for the current fee schedule. Make check payable to the Lake County AQMD, and submit along with the notification.
